SUBJECT-

7th REMINDER

OHRC CASE NO 2288 OF 2019 REGARDING DISPOSAL OF UNCLAIMED HUMAN DEAD BODY BY GARBAGE CARRIER

Sir

Please refer to my emails dated Aug 19, 2023, Jun 4, 2023, Jul 13, 2021, 13 02 2026 06 06 2026 and 01 07 2026 in the above mentioned issue.

It is quite unfortunate that in spite of my several representations in the above matter; they were not considered and replied till date and I have not been intimated about the status of the case which is lingering since 2019.

I have the right to know whether the case is pending or disposed of so that I will approach the higher forum and I need a point wise counter reply from the respondents on my email dated Aug 19, 2023, Jun 4, 2023 and Jul 13, 2021.

It is pertinent to mention that all the respondents have admitted the crime and violation of human rights in the commission on some excuse or the other the concerned authorities are left free without punishment by OHRC till date.

The Odisha Government spends in crores on different schemes like Harish Chandra Yojana where Govt bears the cost of handling the unclaimed human bodies by doing their last rites gracefully but in this case starting from the police personnel, hospital authorities to the municipality authorities have criminally mishandled the unclaimed human dead body by throwing it in the garbage carrying tractor of municipality and obviously it was dumped in the garbage yard without last rites.

OHRC needs to explain that in such an open and shut case where the respondents have admitted the willful negligence of their official duty; the commission is reluctant to punish them as per law.

I request OHRC to dispose of the case as per law at the earliest and if it is disposed of then kindly provide me the copy of the order to approach OHC as violation of human right that to in an admitted case and proved beyond reasonable doubt should not go scot free.

The officials involved in this should be booked as per law.

Yours faithfully

Jayanti Das
